Scaling Magnum and Kubernetes: 2 million requests per second ^[1]

Date published:

29 Jul 2016

Outlet:

superuser.openstack.org

We previously described in this [blog post](#) ^[2] how we deployed [OpenStack Magnum](#) ^[3] in the CERN cloud. It is available as a pre-production service and we're steadily moving towards full production mode as a standard part of the [CERN IT](#) ^[4] service offerings to give Containers-as-a-Service.
