CERN openlab White Paper: Future IT Challenges in Scientific Research ^[1]

Date published:

Thursday, 21 September, 2017

Document type:

White paper

Author(s):

A. Di Meglio

M. Girone

A. Purcell

F. Rademakers

In this white paper, CERN openlab sets out challenges to tackle together through joint R&D projects with our industry collaborators over the coming years. This unique public-private partnership between research and leading ICT companies is ideally placed to tackle these challenges, producing results that are of benefit to all parties, and of interest to the wider scientific community beyond high-energy physics.
